

## Web Technologies WS 2011/2012

### Assignment 1

**Deadline 20.10.2011, 08:00**

Please submit your results into the “Shared Domain” section (create a group folder).

If you have questions regarding the assignment or encounter difficulties then please use the L<sup>2</sup>P forum or visit us Wednesdays from 2 p.m. to 4 p.m. in Room 6010.

#### Task 1.1: Build a group

- a) Build a group of four students and create an L<sup>2</sup>P wiki page for your group. Find a name for your group and list the members of your group.
- b) Use your L<sup>2</sup>P wiki page to submit the assignments and document your project progress during the semester.

#### Task 1.2: First concept of your project

- a) Develop an idea for a new and innovative website that can support learning.
- b) Collect and structure features that your website should support. Give examples and/or descriptions for every feature.
- c) Perform a market study and search for similar websites and compare their features with your concept.
- d) Draw a site map that shows the overall organization of your website.
- e) Draw and describe a first layout draft for your website.

#### Task 1.3: Collect learning materials

Collect bookmarks related to “Web Technologies” and tag them with your tags and additionally “#webtech1112” on delicious or the bookmarking tool of your choice.
